There are roles within LN4x4R for people to help without driving a vehicle. We always need members to help at shows promoting LN4x4R. We regularly put out a call for Controllers to run our Control and Dispatch system. Fund raising is always welcome and anyone with IT skills can also help.

Of course most of our members are 4x4 owners and wish to help the community when bad weather or other events take place.

If you intend to be a Responder driver for LN4x4R please continue and fill in the Responder Application and Vehicle Details form otherwise post this form and a digital passport type photo to :-
